How do I confirm my TOEFL or IELTS scores have been received by UCLA?

Test scores sent electronically may take several weeks to match up *after you have submitted your application*. Your name and other personal information (name and date of birth) must be exactly the same on the application as on the test materials to make a match. You may upload a PDF of your test taker's score report in the Supplemental Materials section as unofficial documentation of your scores.

Please do not email or call to inquire about receipt of documents as it will delay our efforts to process application material.

Are official transcripts required?

Transcripts from all educational institutions attended (beyond secondary school or community college) must be uploaded in the online application by the application deadline. Unofficial transcripts will be accepted during the application process. Official transcripts and documents are only required **after** you have been admitted. If you are a university/college senior, do not wait for senior-year grades before submitting your application and transcript.

Applicants who are officially notified of admission will be required to submit official transcripts. You may send transcripts to the following address:

If you are admitted provisionally, you are required to submit your final transcript showing the degree has been awarded with the date of conferral. The department must receive the final transcript prior to the first month of the quarter. Failure to send final transcripts will result in a hold in your student account.

Do you accept E-transcripts?

What if I do not hold a bachelor's degree in Media Arts?
